A world-class opportunity

Founded in 1982, The Harbour Air Group is one of the largest seaplane airlines in the world and North America's first fully carbon neutral airline. Together, our teams support up to 300 daily flights, serving over 450,000 passengers each year across 12 scheduled destinations in BC and internationally.

The foundation of Harbour Air's success is our talented and dedicated team of seaplane professionals. With an industry-leading safety culture, we are committed to inspire and serve one another to achieve extraordinary success. And, we're looking for enthusiastic, experienced and hard-working pilots to grow with us!

Award-winning team spirit!
